

**Summary** — Frontend Developer with 4.5 years of experience building high-performance, accessible, and scalable web applications. Specialized in React.js, TypeScript, and modern UI frameworks, with a proven track record of leading mission-critical frontend projects across enterprise and e-commerce platforms. Passionate about component-driven architecture, performance optimization, and building accessible UI systems. Strong collaborator with cross-functional teams in agile environments, currently working in a senior-level role at Cvent.

## Skills

<b>Languages:</b>	JavaScript (ES6+), TypeScript, HTML5, CSS3	<b>Performance &amp; Accessibility:</b> Web Performance Optimization, Core Web Vitals (LCP, CLS, FID), Accessibility (WCAG 2.1AA, EAA, Semantic HTML & Keyboard Navigation)
<b>Frameworks &amp; Libraries:</b>	React, NextJs, jQuery, Redux, Tailwind CSS, Bootstrap, Sass, LESS, Zustand	<b>Back End &amp; APIs:</b> Nodejs, Object-Oriented Design, REST API integration, MongoDB
<b>Design &amp; UX:</b>	Figma, Adobe XD, Responsive Design, A11Y (Accessibility)	<b>Testing &amp; Debugging:</b> Jest, Mocha-chai
<b>Tools &amp; Platforms:</b>	Git, GitHub, Bitbucket, Jira, AWS CMS Drupal, Vite, Webpack, Storybook	<b>Soft-skills:</b> Project ownership, Communication and Documentation, problem-solving

## Professional Experience

**cvent** Cvent

Sr. Frontend Developer

June 2023 – Current

- Revamped ~80% of Cvent.com components: Navigations, wheel, footers, etc, resulted in site visit increased by 66%.
- Single handedly led ownership of web accessibility compliance (EAA 2025) project across Cvent.com in collaboration with the team and achieved 99% score (automatic+manual).
- Built reusable tokenized components in Storybook to support a scalable design system.
- Led A/B testing experiments using Optimizely, 6Sense and Adobe Launch tools to optimize UI performance and user engagement through data-driven design decisions.

**sapient** Publicis Sapient

Associate Technology L1

April 21 – June 23

- Developed and maintained responsive, component-based UIs for key e-commerce workflows (PLP, PDP, Cart, Checkout, and Order Management) on health and luxury retail platforms like [coach.com](https://coach.com), [stuartweitzman](https://stuartweitzman.com), [jennycraig](https://jennycraig.com), [katespade.com](https://katespade.com) etc.
- Implemented robust client-side validations, form handling, and event-driven features to enhance user experience and ensure transactional integrity.
- Collaborated cross-functionally with QA and backend teams to debug issues, conduct regression/sanity testing, and ensure UI/UX consistency across modules
- Enhanced analytics capabilities by integrating Google Analytics and configuring e-commerce tracking via Google Tag Manager; wrote unit tests (Mocha-Chai) achieving 98% code coverage

## Education

### B. Tech (IT)

University School of Information and Communication Technology, GGSIPU, New Delhi

2016 – 2020

**8.09 CGPA**

### 12<sup>th</sup> (Science stream)

Govt. boys sr. sec school No.1, Najafgarh, New Delhi

2015 – 2016

**84%**

### 12<sup>th</sup> (Science stream)

Govt. boys sr. sec school Stadium, Najafgarh, New Delhi

2014 – 2015

**8.6 CGPA**
